

## **Information on CJSC Computershare Registrar**

(Counting Board at the Annual General Meeting of the Shareholders  
of OJSC MMC Norilsk Nickel on June 29, 2012)

CJSC Computershare Registrar was established in 1995 as CJSC National Registrar Company. Today, the company is one of the biggest independent international registrars in Russia that provide services related to maintenance of share registers (state license for share register maintenance services No. 10-000-1-00252 for indefinite period). From 2003 the company is the part of Computershare international group of companies, the biggest global registrar in the world.

On August 16, 2010, the CJSC National Registrar Company officially changed its name. The new name is CJSC Computershare Registrar. The change was a part of integration into Computershare international group of companies and underlines the relation to the world known registrar.

The shareholders of the company are Computershare registrar and ROSBANK. PriceWaterhouseCoopers is the auditor of CJSC Computershare Registrar.

CJSC Computershare Registrar makes considerable investments into purchase and development of unique technological systems. One of such systems, the unique System of Register Maintenance of CJSC Computershare Registrar, makes it possible to:

- Upgrade the system functionality continuously

- Amend the register maintenance system in time in accordance with changes in Russian legislation
- To provide online services for any client

The company pays special attention to safety and security issues of implemented technologies. The company has adopted the Risk Reduction Program, which covers both technical and management processes.
