ESG ASSESSMENT: RATINGS, INDEXES AND INITIATIVES

OUR APPROACH

Nornickel remains a leader in terms of social responsibility and fulfils its obligations to more than 80,000 employees every year.

Today, we lay the foundation for a long-term development programme until 2023 designed to thoroughly upgrade all production capacities and, ultimately, make Nornickel one of the most advanced and environmentally responsible companies in the industry.

*Vladimir Potanin
Company's President,
Chairman of the Management Board
Norilsk Nickel*
