

Norilsk Nickel's report on corporate social responsibility for 2014 was ranked the best among Russian competitors at Vision Awards LACP 2014/2015. The report received the platinum awards in the Best Report on Corporate Social Responsibility and the Best Report on Sustainable Development categories, being ranked the 8th in TOP-50 public non-financial reports in the world.

The Vision Awards competition of annual reports is a global competition started by the League of American Communications Professionals in 2002, and it is open for companies from most industries. Companies from 20 countries took part in Vision Awards LACP 2014/2015.

Reports are evaluated by experts by eight criteria: first impression, cover, address to shareholders, descriptive part of a report, financial data, creativity, clarity of idea, information availability.
